

VENTURE 1

# Venture 1 Click

## May Edition

## Happy Jubilee Week All!

Hi, there

As the UK heads into a week of Royal celebrations, this edition of the Venture 1 Click brings you:

- Some **exciting news** we're extremely proud of, relating to our sustainability journey!
- An insight into how we're **making the office a great place to be** again...
- **Behind the Scenes:** Treat Thursdays.

## We've got 5 Sustainability Stars!

We are delighted to announce that we have just been awarded the maximum **5 Support The Goals Stars!** We're now one of an elite group of **only 24 businesses worldwide** (which also includes one of our amazing partners, Softcat) to have achieved this accolade!

We really want to **inspire our supply chain** of customers, partners, and suppliers to do the same.

**Making the office an attractive place to be again...**

The post-pandemic world has left so many **businesses struggling to attract staff back into the office again** on a regular basis. Yet it's a widely accepted view that spending face-to-face time interacting with colleagues leads to a more cohesive and productive environment. It's no different here at Venture 1!

Read about some of the things we've been doing to **make the office a fun and dynamic place** to be...

How we've made the office more fun...

## Behind the Scenes: **Treat Thursdays...**

To say thank you to the team at Venture 1 for their constant hard work, we've recently started **Treat Thursdays**. Over the last few weeks, we've introduced a great selection and variety of treats, including Doughnuts from [Doughnut Time UK](#), and some of London's finest Fried Chicken from [Elite Peri Peri](#).

We'd love to know what your ideal treat would be! Reply to this email with any unique suggestions...

That's all for this month. **Happy Jubilee All! Enjoy the long bank holiday weekend...**

## In next month's edition:

- We'll be making a lot of our content **video-based!**
- **'Investors In Apprentices'** – our journey so far
- Spotlight On: our **Managing Director Mark Thurston**
